

SAN FRANCISCO NEARLY WRECKED BY EARTHQUAKE

Disaster Occurs at 5 This Morning.

Shock Lasts Three Minutes--- Uncontrollable Fires Raging.

Hundred of Lives are [Reported] Lost and Thousands of Buildings are Destroyed.

San Francisco, April 18, 11:20 a. m.—This city was practically wrecked by an earthquake at 5:10 o'clock this morning. The shock last three minutes and thousands of buildings were damaged and destroyed. The loss of life is reported to be great. The city hall costing seven millions is ruins. Modern buildings suffered less than brick and frame. The business section of the city from Market street to Mission street and from the bay back, is almost completely wrecked. Many buildings along Market and Mission streets including department stores have collapsed. Hundreds of people in cheap tenement districts are reported killed. Fires are raging and owing to the scarcity of water are practically beyond control. Business is practically suspended. The residence portion is but slightly damaged although nearly every house has been more or less injured.

A Western Union bulletin received in this city from San Francisco says: At 5:15 this morning severe earthquake shock felt. Many buildings destroyed. Water mains burst in the district between the ferry and 9th St., and Townsend in flames. Buildings are being dynamited to check progress of flames. Property loss millions. All prominent newspaper offices except "Chronicle" destroyed. Damage extends all over city but most severe in business district. City hall and large hotels also demolished. 25 in morgue, but at this hour impossible to estimate loss of life. Reported that Berkley, California, also is in flames.

REPLY OF OPERATORS

PRESIDENT OF MINERS' UNION
TOLD THERE IS NOTHING
TO ARBITRATE.

SITUATION VERY PERPLEXING

DIFFICULT TO FORECAST WHAT
WILL FOLLOW THE ANSWER
TO THE MINERS.

New York, April 18.—A sub-committee of presidents of the anthracite coal carrying railroads and mine operators met here during the day and drew up a letter to President John Mitchell of the United Mine Workers of America, in which the operators again declare that there is nothing to arbitrate except the question whether there shall be any arbitration. This reply is made in response to President Mitchell's recent amended proposition of arbitration. The operators do not, however, refuse point blank to accept Mr. Mitchell's latest plan. They assert that all the differences between the miners and their employers have been decided by the strike commission and that there is no reason why another attempt should be made to arbitrate them. The operators aver that the miners have rejected all the proposi-

tions and that they have nothing further to offer.

The operators assert that the miners' offer to waive formal recognition of the miners' union is not material and declare that the miners' programme would increase the cost of domestic sizes of coal \$1.20 per ton.

SITUATION IS PERPLEXING.

Difficult to Forecast Effect of Operators' Reply.

Philadelphia, April 18.—The situation in the anthracite coal regions is perplexing. While quiet has been universal, it is difficult to forecast the effects of the operators' reply. The miners signified their intention of standing by President Mitchell, but at the same time the operators have been quietly preparing to operate their mines. That the mine owners contemplate an extended strike is evident from the fact that three score of coal barges belonging to the Philadelphia and Reading coal regions are building barracks around their collieries. It is the intention of the company not to leave a colliery exposed in this region. While this apparent activity is in progress mine superintendents state that no attempt will be made to start washeries in the Schuylkill regions for several days.

Vice President Fairbanks made the opening address at a fair given by the Knights of Pythias of the District of Columbia in Washington Monday night.

ELEVEN BILLS PASSED

HOUSE WORKS HARD TO DISPOSE
OF SOME MEASURES OF GEN-
ERAL INTEREST.

APPEALS IN CRIMINAL CASES

IMPORTANT CHANGE MADE IN
REGULATIONS BY ONE OF
THE BILLS PASSED.

Washington, April 18.—To clear the legislative decks for pending money bills for the support of the government, the house during the day worked uninterruptedly from 11:30 to 5 o'clock. In that time eleven general bills were passed under suspension of the rules, all sections of the country being interested in the legislation enacted.

Next to the national quarantine bill, which is opposed by a number of Southern Democrats on the ground of fears that the police powers of the states were invaded, the bill to regulate appeals in criminal cases was probably the next important on the list, the attorney general declaring the measure vitally important on account of the decision in the beef trust cases, the present law not permitting the government when an indictment was not sustained to have the same reviewed on writ of error by either the supreme court of the United States or by the circuit court of appeals.

In addition to the bills referred to the house in seventy minutes passed 572 private pension bills.

ON CAMPAIGN CONTRIBUTIONS.

Senator Tillman Calls Up His Resolution for Investigation.

Washington, April 18.—Preceding the taking up of the railway rate bill in the senate during the day Mr. Tillman called up his resolution directing the senate committee on finance to investigate campaign contributions by the national banks. After he had spoken on it at length the resolution was referred to the committee. Mr. Tillman read a letter from a New York national banker, suggesting that the auditor of the National Republican committee should testify concerning the contributions to the last campaign. Mr. Tillman said he would not confine the inquiry to the Republican committee but would extend it to the Democratic committee. He again referred to the Walsh bank of Chicago, and in that connection was engaged in sharp controversy by Mr. Hopkins, who declared the Walsh bank solvent and also said in reply to a question from Mr. Tillman that Mr. Walsh had not been indicted.

Mr. Foster spoke for almost three hours on the rate bill, contending for the validity of the proposed legislation, urging the necessity of checking the powers of the railroads and announcing his support of a broad court review with a prohibition against temporary injunctions in rate cases by the inferior federal courts.

HUGHES AND SIMPSON.

Retained to Consider the Coal Transportation Cases.

Washington, April 18.—Attorney General Moody during the day gave out the following statement: "Charles E. Hughes of the New York bar and Alexander Simpson, Jr., of the Pennsylvania bar, have been retained by the department of justice to take under consideration all the facts now known, or which can be ascertained, relating to the transportation and sale of coal in interstate commerce, to advise what, if any, legal proceedings should be begun and to conduct, under the direction of the attorney general, such suits or prosecutions, if any, as may be warranted by the evidence in hand and forthcoming."

"The general subject for some time has been under consideration by the department. It is believed that sufficient evidence has been developed to warrant the employment of counsel under the provisions of the appropriation act of Feb. 25, 1903, authorizing the employment of special counsel and agents in proceedings of this nature. An important element in arriving at

this conclusion is the recent decision of the supreme court in Hale vs. Henkel, holding that the federal government has the right under legal proceedings, to examine the books and records of corporations engaged in interstate commerce."

BIG RUSH OF IMMIGRANTS.

Swamps the Officials of the Bureau on Ellis Island.

New York, April 18.—Sixteen thousand immigrants, most of whom will be subjected to restraint on board the vessels in which they came to this country, slept during the night in the steerage of moored transatlantic liners. This was because a record-breaking rush of immigration has swamped the bureau on Ellis Island, which has facilities for examining only 5,000 newcomers a day.

NEGOTIATIONS BROKEN OFF.

Dowie Refuses Voliva's Offer of Settlement.

Chicago, April 18.—All negotiations looking toward a peaceable settlement of the question as to who shall control Zion City and its vast resources were broken off during the day. John Alexander Dowie, through his attorneys, Emil C. Wetten and P. C. Haley, threw down the gauntlet to General Overseer Wilbur Glen Voliva and his followers and rejected a proposition that the \$21,000,000 estate be turned over to a board of control. The board was to have had nine members, four selected by Dowie, a like number by Voliva and the ninth by these eight. It was stipulated that both Dowie and Voliva should be active members of this board and that its action should be final. Dowie rejected the proposal on the ground that not only would he not acquiesce in the appointment of Voliva on the board, but that he no longer recognized the new leader as a member of the church. In speaking of the ultimatum, Attorney P. C. Haley said:

"As soon as we can obtain the necessary information we will file a bill in chancery in the circuit court of Lake county at Waukegan. This instrument will be a petition that the transfer of the property of Zion City to Deacon Alexander Granger be declared void. We are handicapped to the extent that Voliva and his forces have in their possession all of the books and papers concerning the property. It may be necessary for us to go into court to get possession of these. As soon as we obtain the desired information, the bill will be filed."

According to the statements of his attorneys Dr. Dowie will go to Zion City some time this week. It is declared that the "first apostle" will enter the city as the head of the church. Voliva, they say, will be excommunicated.

BRISTLING WITH BAYONETS.

Windber's Streets Under Control of State Constabulary.

Johnstown, Pa., 18.—Windber's streets at night, bristling with bayonets of the state constabulary, are in marked contrast to Monday night's chaotic conditions. There is still a feeling that there will be another outbreak when the funerals of the riot victims are held. It needs but a petty quarrel between the strikers and non-union men to plunge the town again into revelry and lawlessness.

The men arrested Monday night were transferred to the county jail at Somerset without incident. All who go in or out of the town must pass the scrutiny of the state constabulary's sentinels.

No saloons are open. These will remain closed until all danger of further outbreaks is passed. It is thought that the shooting Monday night will put an end to the troubles in this district. It has been the experience in other strikes that a little bloodshed effectively quiets the mob.

From other fields no reports of violence are made. In the West Virginia field there is a slightly strained situation at Moundville, but it does not threaten to be serious unless the operators attempt to bring in non-union men. It is thought that the strikers will resist such efforts.

Two More Deaths Occur.

Washington, April 18.—Two more deaths were reported to the navy department during the day as the result of the explosion on the battleship Kearsarge last Friday. A cablegram from the commander of the United States Atlantic fleet stated that Fredrick Fisher, chief gunner's mate, died April 15 and that James S. McArdle, electrician, first class, died April 16.

Daily Store News

A word to the bride to be.

A bride always wishes an elegant trossseau, but at the same time she wants to secure it economically. It is our boast that we can offer her a better outfit at a less amount of money than she will secure elsewhere.

We are showing a large line of materials and trimmings for dresses and no prospective bride can afford to take the time to make her muslin undergarments when she can secure the values and elegance we offer in this line.

Our clearance sale is on.

It will pay you to ask our salespeople to show you the values we are offering during this sale. Particularly attractive are our cravenette, skirt, petticoat and spring coat bargains. There are many others.

Childrens new hats and bonnets

A number of good styles in both caps and hats. Particularly so are the washable caps which are made so that they can be taken apart for washing. This is a feature that you will like.

RUSSIA'S FOREIGN LOAN.

Helps Government Out of Embarrassing Situation.

St. Petersburg, April 18.—The successful negotiations of a foreign loan of \$450,000,000, ruinous as are the rates which Russia is obliged to pay for the money, extricates the government from much of its embarrassment and enables it to clear the debts and furnish the cash necessary to keep the treasury above water for at least two years. Premier Witte is greatly encouraged by the outlook.

The Associated Press is in a position to confirm the report that Premier Witte now has definitely got the upper hand of Minister of the Interior Durnovo. The downfall of the latter is a matter of only days or weeks at the most, as Emperor Nicholas has promised to dismiss him before parliament meets.

Rumors that parliament will be dissolved immediately after it assembles are declared untrue. Unless the unexpected happens it is the government's intention to allow the parliament to sit two months before the summer vacation and reconvene it at the end of September.

The opposition, especially the revolutionists, are crestfallen over the decision of foreign bankers to come to the government's rescue. They believe it may prove a severe blow to the entire liberal movement. Experience has taught them that the government is never conciliatory except when it is driven into a corner. With the necessity of consulting the parliament in order to secure money removed the government would be in a position to continue in the path of reaction if it so chooses.

RECLAMATION PROJECTS.

Delayed by Scarcity of Labor and High Prices in the Northwest.

Washington, April 18.—The scarcity of labor in the Northwest, the increase in the price of materials and also in the rate of wages, has caused great delay in carrying out government reclamation projects. This statement was made to the house committee on irrigation of arid lands during the day by N. H. Savage, division engineer of the reclamation service for Northwestern Wyoming, Montana and North Dakota.

In a recent instance in North Dakota bids were advertised for work aggregating \$150,000 and not one was received. Mr. Savage stated that in projects already contracted for the government is getting its work done at less cost than railroad work of the same character in the same localities, because when the government began its irrigation projects bids were received from contractors of every character, the only requisite being a sufficient bond. Many of these first contractors took work so low that they have since failed. The railroads receive bids from only a select few and have had to pay more for the work.

Notwithstanding these adverse conditions Engineer Savage reported substantial progress.

SHORTAGE IS LARGE.

St. Paul Young Man Said to Have Blown in Money Rapidly.

St. Paul, April 18.—Ten thousand dollars "blown in" in six months is said to be the achievement of a St. Paul young man, who until about six months ago was a youth of good habits, who attended strictly to his work and had not drunk intoxicating liquor.

Louis S. Jungbauer, assistant teller of the State Savings bank, was arrested during the day charged with a shortage of \$1,000 in his accounts, but officers of the bank say that it will reach \$10,000. The bank, however, will lose nothing, as Jungbauer is under bonds and the bonding company will make good the shortage.

Jungbauer was arraigned in police court. He waived a hearing and he was held for the grand jury.

Death Due to Earache.

Louisville, April 18.—As she was being lifted from bed preparatory to her removal to an infirmary, Miss Alice Bedinger died suddenly during the day. The attending physicians stated that death was due to earache and the case has few if any parallels in medical history.

Publicity Bill Passed.

Albany, N. Y., April 18.—The assembly during the day passed unanimously the bill requiring publicity of campaign contributions and expenditures.

Weather

Forecast—Clear and colder.

A Southern judge holds that when negroes play poker for money it is gambling and that when ladies play bridge, whist for prizes or money it comes under the same head. Oh, my.

WAR has been declared in Zion and from present indications it looks as though Lige Dowie would get the worst of the bargain. Possession is nine points of law and Dowie is outside the breast-works.

THE law prohibiting the publication of detailed accounts of hangings has been held to be good by Judge Buon at St. Paul, and the St. Paul newspapers who violated its provisions have been held guilty of a misdemeanor. Now if the legislature will pass a law to take all these hangings to the state prison a good work will have been accomplished.

THE United States supreme court has handed down a decision to the effect

that state courts have no jurisdiction in divorce cases where service has been made in person or by publication on one of the parties living outside of the state. A judge of the Hennepin county district court is quoted as saying that if this decision stands as reported it will cause more trouble than any decision rendered, and that half of the divorces granted in that county will be null and void. It will leave those who have supposed themselves free from the matrimonial yoke and have again remarried technically guilty of bigamy and similar offenses. The anxious seat will be well occupied until the matter is fought out in the courts.

MITCHELL DECLINES TO TALK.

Says He Will Wait Until He Has Received the Letter Officially.

Indianapolis, April 18.—The international executive board of the United Mine Workers of America began a special session here during the day to consider the strike situation in the bituminous districts.

When informed that the anthracite operators had rejected the miners' proposition for arbitration, President Mitchell refused to give out a statement, saying he would wait until he had received the letter officially.

"We have not reached the anthracite matter yet, anyway," he added, "and will not until we complete our negotiations with the Illinois operators, as representatives from that state are here to meet us. The anthracite question probably will be considered within a few days."

PROPOSITION REJECTED.

Miners Refuse Advance Offered by Kanawha Valley Operators.

Charleston, W. Va., April 18.—In accordance with instructions received from headquarters of the United Mine Workers at Indianapolis, the miners on the scale committee during the evening rejected the proposition of the operators of the Kanawha valley to pay a 3 per cent advance on the present scale instead of the 5.55 per cent increase. The joint convention will recess in the morning, when a report of this action will be made.

It is probable from present indications that the joint convention will fail to come to an agreement, which will be equivalent to the declaration of a strike in this district.

BUILDING OF THE PINE RIVER DAM

Interesting Information and Figures on the Progress of the Work There

WORK OF IMPROVING THE RIVER

Large Sums of Money Expended On Clearing Mississippi of Snags and Sweepers

The weather of early April seems to have been favorable for work on the government dam. A good force of men is employed, and one notices a change in the appearance of things. The abutment wall on the south side of the river, and seven channel piers, covering more than half the width of the stream are already built. The old dam has been all removed, the foundation floor is clear and men are setting up the big moulds, building scaffolds and laying track ready to put in the concrete piers of the remaining part of the dam.

The shape of the dam, as seen from the portion already erected, will be very different from anything in this part of the state; but in its unfinished condition it is difficult to describe. When completed, the structure will have thirteen arched sluice-ways, and a wagon bridge will cross its top. The bridge railing will be a concrete wall with a lot of small arched openings in it. Short pieces of this railing are already built, and they indicate that the rail wall will make a fine finish for the large opening below.

The engineer in charge said the masonry part of the dam was to be 233 feet long, 21 feet high, and would contain about 3,000 cubic yards of concrete. He expects to have it all done by mid-summer, and hopes to have the work so well advanced that it will be out of danger from high water and not interfere with the business of the lumbermen. He would give me no assurance of the time for completion, and said he never made assertions as to what would be done when his work had to deal with the doings of wind or water.

MISSISSIPPI RIVER IMPROVEMENT.

When asked for information about the work of improving the Mississippi river, he said it was not his business to furnish such; but since the report of the secretary of war had made all such matters public, he would outline what had been and what was proposed to be done. By the river and harbor act of June, 1902, congress authorized the expenditure of \$10,000 and later \$20,000 more, for the improvement of the river between Brainerd and Grand Rapids. In the fall of 1903, work of removing over-hanging trees, especially, commenced at Grand Rapids and continued down to Aitkin, and during the open water of 1904 and 1905 the work of removing snags, etc., by boats was carried through from Grand Rapids to Pine Knoll. At that place freezing weather caught the party, the boats were tied up, and the work of cutting over-hanging timber was continued by men living in tents and working on the ice and river banks, as far down as the sluicing boom, nine miles above Brainerd. The channel work will be done by the boats, down to the same place after the river is clear of ice. In this work, there have been cleared, 48,646 over-hanging trees, 34,486 bushes, 2,457 snags and 27,688 logs. Over-hanging trees and bushes constitute what the river men call "sweepers," a "bush" is any tree less than six inches in diameter. Logs are not supposed to belong to this work, but where the snags and large, low sweepers are, the logs accumulate and must be moved before the real obstruction can be reached.

After the timber work is done, it is proposed to do something to protect the caving banks, and to prevent the river from making "cut-offs" and forming new channels to the detriment both of the farmer and navigator.

The work was begun at Grand Rapids because between there and Aitkin lay the stretch of river of most practical consequence to the present navigator; and moreover, the removal of timber from a river is, in most cases, more economically done by working down stream.

As to the utility of the work and the value of its cost to the state, these all depend upon the use people make of the stream.

The United States congress, like Providence, is apt to help those who try to help themselves. Congress has shown its faith in the probable good of the river by making appropriations for it. Further appropriations will depend largely upon what the people of the counties bordering the river will themselves do—there is a good stream, settlers now in and those coming need it for the transportation of supplies and produce, and these combined make the opportunity,—will the business men of Brainerd and other centers of trade rise to the opportunity? That is the question.

Yours truly,

OCCASIONAL CORRESPONDENT.

MUSIC AND DRAMA.

At 8:15 this evening at the First Congregational church, Mr. Harry E. Phillips gives a recital under the auspices of the Ladies' Musical club. Mr. Phillips has been highly appreciated in all of the cities in which he has sung, and comes here very strongly recommended. He has not only an unusually fine baritone voice, but also a very magnetic personality, which enables him to charm his audience through the full extent of the program. It is not often that we have a good male soloist visit Brainerd and those who like good singing should take this opportunity of enjoying a pleasant musical evening.

Tickets for the recital are 50 cent each and may be procured from any member of the Musical Club.

I have over 200 acres of land on Kindred street east of N. P. shops adjoining city with a spring brook running through it. I will lease the same to be used as pasture during the coming summer. 267tf G. W. HOLLAND.

DEATH OF EVERETT MARCO

Young Man Died this Morning of Appendicitis after a very Brief Illness.

Everett Marco, aged 20 years, son of Joseph Marco, 701 Second avenue north-east, died at St. Joseph's hospital this morning from appendicitis. He was taken sick Thursday and grew rapidly worse. Monday night he was taken to St. Joseph's hospital and an operation performed, although the surgeons held out practically no hope. It proved to have been too late and he died early this morning.

Funeral arrangements had not been completed at a late hour today, but it is expected the funeral will be Saturday under the auspices of the Ancient order of Hibernians.

The deceased was born in Red Lake Falls and lived in Cloquet and Little Falls, coming to Brainerd about three years ago. He was a favorite among the young people of East Brainerd and had been employed for some time at the pulp mill.

Take Hollister's Rocky Mountain Tea this month. Drives away spring tiredness, gives appetite and sleep, makes you well and keeps you well. Great family tonic. 35 cents, tea or tablets. H. P. Dunn & Co.

BASEBALL SEASON OPENS.

Boston Nationals Win First Game From Brooklyn.

Brooklyn, April 13.—The National league baseball season was opened here during the day with a game between the Boston and Brooklyn. The visitors won by a score of 2 to 0. Fully 12,000 persons saw the contest. "Young Cy" Young pitched one of his best games and the home team got only one hit off him.

At Cincinnati, 17,215 people saw Chicago defeat the home team by a score of 7 to 2.

At St. Louis, the Pittsburgh team won out in a thirteen-inning game by a score of 2 to 1. Attendance, 3,500.

The New York team defeated the Philadelphia team by a score of 3 to 2 at Philadelphia. Attendance, 11,710.

Now is the time to take Hollister's Rocky Mountain Tea. It cleans your system of all impurities. A wonderful spring tonic. A family benefactor. 35 cents, tea or tablets. H. P. Dunn & Co.

PRESBYTERY OF RED RIVER

In Session Yesterday and Today at the First Presbyterian Church

THE ATTENDANCE IS GOOD

Ladies' Presbyterial Home and Foreign Missionary Society Meets Also

Leading Presbyterians, both divines and laymen, representing the churches included in the Red River Presbytery are in the city holding a session of that organization. Over twenty from out of town are here, besides the representatives of the local church. Those representing churches and societies from outside the city are:

Fergus Falls—Rev. and Mrs. W. W. Hendry, Rev. T. D. Whittles, Mrs. F. B. Irish, Mrs. J. H. Bell, Miss Minnie Nelson and Wm. Bell.

Maine, Minn.—Rev. R. L. Vance, Miss Minnie Vance, Mr. and Mrs. W. L. Wilson.

Western, Minn.—Rev. James Ray, Mr. and Mrs. L. P. Simons.

Evansville—Rev. W. H. Liggett.

Wheaton—Rev. C. B. Lattimer.

Moorhead—Rev. Dougall McIntyre, Mrs. E. J. Palmer.

Elbow Lake—Rev. James Goddard.

Bemidji—J. J. Trask.

Baker—Rev. Wm. Graham.

R. F. Sulzer, state superintendent of Sunday school work and L. E. Koenig, Sunday school missionary were also present.

The session yesterday (forenoon and afternoon) were devoted to business matters.

Rev. J. F. McLeod, of Brainerd was elected moderator and W. L. Wilson, of Maine temporary clerk.

A public meeting was held last night under the auspices of the Ladies' Presbyterial Home and Foreign Missionary society, which is also in session. The meeting was addressed by Rev. James Goddard on the subject of home missions and by R. F. Sulzer who gave a very interesting talk on missionary work among the mountain whites of the south.

The Ladies' society is meeting in the lecture room of the church and devoted yesterday to home missions and is taking up the subject of foreign missions today.

This afternoon's session was devoted to business matters and this afternoon to a pastors' fellowship meeting, which will be addressed by Revs. C. B. Lattimer, W. H. Liggett, R. L. Vance, Wm. Graham and T. D. Whittles.

At 7:30 o'clock this evening there will be a public meeting the subject being "Three Ideals of Service." The program is as follows:

1. Prayer and praise led by Rev. T. D. Whittles, Fergus Falls.

2. The Ideal Church Member, Rev. Dougall McIntyre, Moorhead.

3. The Ideal Minister, Rev. Jas. God-worth, Elbow Lake.

4. The Ideal Church, Rev. C. B. Lattimer, Wheaton.

Rev. J. F. McLeod, Chairman of Committee

HELD ENTHUSIASTIC MEETING

Organizer A. L. Baker, of the State Federation of Labor Held Enthusiastic Meeting.

A. L. Baker, organizer of the State Federation of Labor is in the city and held a very enthusiastic meeting at Trades and Labor hall last night. Mr. Baker gave a very interesting talk along labor lines and will put in some time in the city reviving defunct labor organizations and organizing other trades where possible.

MARRIAGE LICENSES

The following are the licenses to wed granted by the clerk of the district court for the week ending April 17th.

April 11—Fred Gibson and Vena Bennington. Elmer W. Persson and Maud J. Baumgarten.

April 12—Wm. Raihl and Marie Kirch.

April 13—Harry DeMoe and Harriett E. Stearns.

April 16—Ole Risnes and Ingo Tormine Enes.

NOBODY SPARED

Kidney Troubles Attack Brainerd, Men and Women, Old and Young Alike.

Kidney ills seize young and old alike—Quickly come and little warning give. Children suffer in their early years—Can't control the kidney secretions. Girls are languid, nervous, suffer pain. Women worry, can't do daily work. Robust men have lame and aching backs.

Old folks, weak, rheumatic, lame. Endure distressing urinary ills. The cure for man, for woman, or for child.

Is to cure the cause—the kidneys. Doan's Kidney Pills cures sick kidneys.

Cure all the varied forms of kidney suffering. Brainerd testimony guarantees every box.

Oscar Opgard, employed in the N. P. shops, and living at 611 Tenth St., S., Brainerd, Minn., says: "I speak from experience when I say that Doan's Kidney Pills are most effective in removing backache and toning up and regulating the kidneys. Being in need of such a remedy I went to H. P. Dunn & Co.'s drug store and got a box of Doan's Kidney Pills. From the prompt results received through their use I am thoroughly convinced that Doan's Kidney Pills are all that they are claimed to be."

For sale by all druggists. Price 50 cents. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no other.

LANDS SOLD AT STATE SALE

List of Parcels of Lands Sold, to Whom and at What They Were Sold

ABOUT EIGHTY TRACTS SOLD

Only Two Pieces Were Bid in That Were Not Taken by the Bidders

County Auditor Mahlum has practically finished the work of giving receipts for money paid at the state land sale. He is holding his report for a few days on account of a couple of pieces for which the remittances were too small to cover the required payment and he wrote for the balance so as not to be compelled to declare the bid forfeited. Only two pieces were bid in which were not taken, and they were lots of less than an acre apiece. Below is a list of the purchases, giving name of bidder, description of land and price paid per acre:

Dainty Foods Demand It

IN EVERY Receipt that calls for cream of tartar, soda, or baking powder, use the Royal Baking Powder. Better results will be obtained because of the absolute purity and great leavening strength of the Royal. It will make the food lighter, sweeter, of finer flavor, more digestible and wholesome. It is always reliable and uniform in its work.

Alum and phosphate baking powders—some of them sold at the same price and some of them cheaper—will make neither dainty nor wholesome food.

ROYAL BAKING POWDER CO., NEW YORK.

FRANKLIN CELEBRATION.

Distinguished Persons in Attendance at Philadelphia.

Philadelphia, April 18.—In the presence of persons distinguished in the arts, science, literature and in many branches of education, the four days' celebration in this city of the two hundredth anniversary of the birth of Benjamin Franklin was formally opened in Witherspoon hall at night.

The celebration is in charge of the American Philosophical Society for Promoting Useful Knowledge, founded in 1743 and of which Benjamin Franklin was the first president.

Besides a reception to delegates and invited guests, formal addresses of felicitation from societies and educational institutions in Europe and America were read, and Andrew Carnegie, lord rector of the University of St. Andrews, conferred the degree of doctor of laws upon Miss Agnes Irwin, dean of Radcliffe College and a great great granddaughter of Franklin.

Vice Provost Edgar F. Smith of the University of Pennsylvania and president of the American Philosophical society called the meeting to order.

The presentation of addresses followed. A fine reception was extended to six George Howard Darwin, K. C. B., of the University of Cambridge, who brought from that institution an address in Latin. Andrew Carnegie, as the lord rector of the University of St. Andrews, presented the address of that institution. Among other universities and societies to present addresses were the Universities of Oxford, Chicago, Glasgow, Edinburgh, Harvard, Berlin, Yale, Princeton and more than one hundred others from Russia, Spain, Italy, Holland, Australia, Ireland, Finland and America.

BREAKS THE WORLD'S RECORD.

George Sutton Makes Highest Average at Billiards.

New York, April 18.—George Sutton doubled a world's billiard record in his match with Willie Hoppe here during the evening, scoring 500 points in five innings, an average of 100. Hoppe scored 118. The best previous mark for 18.2 ball game was 50, made by Maurice Vignaux four years ago in Paris.

Sutton wound up his game with an unfinished run of 234. The record for high run is held by Louis Cure, who counted 255 in a match with Jake Schaeffer in Paris, eighteen months ago. Sutton and Hoppe met in the fifteenth game of the tourney for the world's 18.2 championship and by winning, the man from Elmira pulled up to a tie with Hoppe for third place. The contest lasted an hour and thirty-five minutes and was in striking contrast to the afternoon game in which Slosson kept his record clean by defeating Cutler of Boston, 500 to 346.

TWO KILLED BY A TRAIN.

Injured Man Dies Beside Companion He Tried to Assist.

Chicago, April 18.—Although both his legs were severed at the knees and his body cut and bruised, Anthony Hopet, a railroad detective, crawled fifty feet at night in an effort to assist H. E. Kenke, who was struck by the same train and killed. Hopet died just as he dragged himself alongside his companion. The two bodies were found lying close together near the tracks of the Panhandle railroad.

Viscount Aoki at Vancouver.

Vancouver, B. C., April 18.—Viscount Aoki, the first Japanese ambassador to the United States, arrived here during the evening on the Empress of China. He will leave for Washington in a private car during the day.

BADLY WOUNDS WIFE

ST. PAUL RESTAURANT MAN ATTEMPTS TO MURDER HER IN MINNEAPOLIS.

THREE BULLETS TAKE EFFECT

WOMAN WILL DIE AND HER HUSBAND IS THOUGHT TO HAVE ENDED HIS LIFE.

St. Paul, April 18.—Harry H. Spencer, whose name has become familiar in St. Paul in connection with several different restaurants and in a number of other cities through his sensational matrimonial affairs, is a fugitive, sought by the police for arrest on a charge that may be murder. His wife—the third woman who has borne his name—is at St. Barnabas' hospital in Minneapolis, believed to be dying from bullet wounds inflicted by him. There are three of these wounds, one of which is so severe in its character as to leave only the slightest hope of the patient's recovery.

The bullet entered near the right temple, passed through the head and lodged in the brain.

One of the other bullets struck Mrs. Spencer in the cheek and knocked out several of her teeth, and the third merely wounded her in the arm.

It was in Minneapolis early in the morning that Spencer shot his wife.

Mrs. Spencer had left her husband and after an encounter in Chicago in which the police and courts interfered to protect the woman from violence she came to Minneapolis to take refuge with friends, hoping that she might be able to conceal her whereabouts.

But her husband traced her movements and followed her, and as she was returning to her boarding place at 1 o'clock after attending the theater and a supper party he stopped her on the street. The two walked along three feet for a short distance. Then Spencer drew his revolver and fired repeatedly at his wife. When the woman fell to the sidewalk after the third or fourth shot Spencer turned and fled, across a lawn and into an alley, where he was lost sight of.

The police were not notified of the tragedy for three hours after it occurred and no trace of Spencer has yet been found. The man's disappearance has led the police to believe that he must have committed suicide by jumping into the river, or must have found his way to some deserted spot near the cities and shot himself.

SITUATION IS UNCHANGED.

No Further Disturbances Occur at Springfield, Mo.

Springfield, Mo., April 18.—The situation here remains practically unchanged. There were no disturbances during the day, and the crowds that have gathered on the streets have diminished in numbers. The soldiers have remained quietly in camp, ready, however, to march at a moment's notice. The street intersections near the jail will be guarded during the night by the troops, and special policemen will continue to patrol the city.

Leslie Peters, the eighteen-year-old boy who Monday night shot and killed Ralph Burns, a negro, in defense of his own life and his sweetheart's honor, was acquitted by a coroner's jury during the day. The acquittal met with unanimous approval. The attempted crime has not wrought up any great feeling among the whites. Many of the negroes say that they are glad that Burns was killed. He was regarded as a bad man and was feared by many of his own race.

The fact that no more arrests of the mob leaders are expected until the special grand jury finishes its secret session, has had a quieting effect.

URGED BY PRESIDENT.

Recommends Insurance Legislation in Special Message to Congress.

Washington, April 18.—President Roosevelt has transmitted to Congress an important message relating to insurance legislation. Accompanying the message were the report and recommendations of the insurance convention which was held in Chicago last February. Among the recommendations is the draft of a bill which congress is urged to enact into law with such amendments as its wisdom may suggest.

The president urges the enactment of the proposed measure as, he says, we are not to be pardoned if we fail to take every step in our power to prevent the possibility of the repetition of such scandals as those that have occurred in connection with the insurance business as disclosed by the Armstrong committee.

THREE MEN ARE KILLED.

Four Others Injured by Explosion on British Battleship.

Malta, April 18.—Three members of the crew of the British battleship Prince of Wales were killed during the day and four were injured by a boiler explosion while the vessel was undergoing speed trials. The connecting rod bolts on the high pressure engine and the top cylinder cover were fractured.

MAY HAVE KNOWN OF CRIME.

Man Killed at Hibbing Cooked for Bulgarians at Minneapolis.

Duluth, April 18.—It is learned here that Michael (or Marco) Buckovitch, who was killed by his brother Steve Sunday night in return for a mortal stab wound inflicted on him by Michael, was a cook in Minneapolis for the Bulgarian band, six of whom were murdered a few weeks ago by unknown parties. Chief of Police Wring of Hibbing is confident that the Buckovitch brothers, of whom there are five, or were five before the killing Sunday, knew something of the Minneapolis tragedy. Chief Wring is making an investigation. The Buckovitch brothers are Austrians. The fact that Michael Buckovitch had nothing to say in regard to the Bulgarian band in Minneapolis since the great tragedy there leads to the conclusion that he had some reason for not wanting to get mixed up in the affair.

Florida Man Drowned.

Tampa, Fla., April 18.—George Garry, cashier of the Tampa Electric company, was drowned during the morning a mile off Ballast Point, when a boat, with a pleasure party of four, was overturned in rough water. Garry tried to swim ashore. The others clung to the boat and were saved.

You may get appendicitis tomorrow—no one can tell. But this much is sure, take a dose of Dr. Adler's Treatment once a week and appendicitis can gain no foothold. Better be on the safe side get a bottle today. Johnson's Pharmacy.

Michael Davitt Ill.

Dublin, April 18.—Michael Davitt, who is suffering from blood poisoning, was operated on during the day by Sir William Thornley Stoker, president of the royal academy of medicine in Ireland, and is progressing satisfactorily.

D. M. Clark & Co. just received car load sash and doors. 261tf

SCHAEFER DEFEATS CUTLER.

Chicago Man Gives a Fine Exhibition of Billiards.

New York, April 18.—Jacob Schaeffer of Chicago gave a fine exhibition of billiards during the evening, defeating Albert G. Cutler of Boston by a score of 500 to 366 in the seventh game of the world's championship 18.2 tournament. He ran out the game in sixteen innings.

In the slowest game played so far in the tournament, George Slosson defeated Ora Morningstar by a score of 500 to 388. Slosson made a splendid spurt in the twenty-ninth inning, with a run of 153, the highest run of the tournament up to date.

It Costs Nothing

To find out for a certainty whether or not your heart is affected. One person in four has a weak heart; it may be you. If so, you should know it now, and save serious consequences. If you have short breath, fluttering, palpitation, hungry spells, hot flushes; if you cannot lie on left side; if you have fainting or smothering spells, pain around heart, in side and arms, your heart is weak, and perhaps diseased. Dr. Miles' Heart Cure will relieve you. Try a bottle, and see how quickly your condition will improve.

"About a year ago I wrote to the Miles Medical Co., asking advice, as I was suffering with heart trouble, and had been for two years. I had pain in my heart, back and left side, and had not been able to draw a deep breath for two years. Any little exertion would cause palpitation, and I could not lie on my left side without suffering. They advised me to try Dr. Miles' Heart Cure and Nervine, which I did with the result that I am in better health than I ever was before, having gained 14 pounds since I commenced taking it. I took about thirty bottles of the two medicines, and haven't been bothered with my heart since."

MRS. LILLIE THOMAS, Upper Sandusky, Ohio.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

Miles Medical Co., Elkhart, Ind.

We Solicit Your Banking Business

CALUMET Baking Powder

complies with the pure food laws of all states. Food prepared with it is free from Rochelle salts, lime, alum and ammonia.

Trust Baking Powders sell for 45 or 50 cents per pound and may be identified by this exorbitant price. They are a menace to public health, as food prepared from them contains large quantities of Rochelle salts, a dangerous cathartic drug.

TWIN BOYS INJURED.

Meet With Accident While Coasting in Washington.

Washington, April 18.—Barnes and Phelps, the twin sons of Assistant Secretary of the Navy Newberry, met with a painful accident late in the afternoon while coasting on roller skates on Executive avenue. Archie Roosevelt was with them. The Newberry boys fell and were painfully injured. They were taken to the navy department and given medical attention. Phelps' arm was broken and Barnes sustained some bruises.
